Missionary Training Institute

While the course is academically sound, the emphasis is on practical, purposeful training in missions by experienced missionaries who are currently involved with very effective works in difficult countries and who carry the vision for the nations. The course includes three outreaches to enable hands on experience and give opportunity to demonstrate God's love, presence and power. The outreaches are in different regions of Thailand, allowing the student to get an overall feel of this diverse nation.

The training also includes an eleven week School of the Spirit course designed to equip the trainee with a workable and dynamic understanding of the power of God, which is essential to effective missions.

This twelve week intensive training course is based in and around the beautiful city of Chiang Mai in Northern Thailand, which is regarded as the missions hub for the Asian nations.

"MTI is not just a Bible college, but an experience that challenges you to the very core of who you are." *Katie*

"The information we learnt was taught in three months but we must apply it over the rest of our lives." *Ben*

"This course has given me a foundation for reaching the potential of my call in missions." *Michael*

"MTI has been an impacting time on my life." *Kellin*

The training is specifically designed for those who have a passion to serve God in the mission field, either at home or abroad and who want to take a step toward making that happen.

This unique training will greatly assist many believers in launching their future and calling for God and the Gospel. If you are serious about serving on the mission field, or heading your church mission program, then this is the course for you!
